Good Afternoon,

I have a member (South Yorkshire Housing Association, - Andrew Jeffrey) who is considering bidding for some IEE funding and is looking for partners who would be interested in developing ideas around:

- * Support community renewables in partnership with community groups
- * Support awareness raising amongst tenants and residents
- * Improve energy efficiency of housing stock
- * Compare efficiency of renewables on new stock/refurb
- * Looking at street by street approach to energy efficiency in partnership

If you know anyone who is thinking of developing projects around the same ideas, can you please get back to me or straight to Andrew at A.Jeffrey@syha.co.uk

Many thanks for your help & regards

Corine
